HEUSINGER, Adolf .... IN 9725 ---- OSS .... 13 May, 1944,

Cable describes secret offers of certain military authorities in Germany to "help our armed units get into Germany under the condition that we agree to allow them to hold the Eastern front." Cable stated further that the group included TUCKY, RUNSTEDT, and FALKENHAUSEN, plus .... ZETA, THETA .. et al". (note: THETA is cryptonym for HEUSINGER ... see IN 9715)

The aforementioned are stated to have devised a four pronged attack on Germany including parachute and amphibious activity. The following is a quote regarding the proposed offensive: "I told him I believed that the Americans would probably think that the plan for parachuting troops into Germany was probably a Nazi ruse and they would assuredly be surprised to find ZETA's (viz: ZEITZLER) name among the list of those assisting-Breakers. ...... In reference to ZETA, they replied that he had been persuaded by both THETA (HEUSINGER) and ETA (Gen. OLBRECHT)."
